

### **Dr. Nacher Mohan, Optometrist**

Dr. Mohan opened his private practice in early 2021. He focuses on Medical Optometry and finds ways to help serve patients suffering through various Ocular issues, with an emphasis in providing a multi-disciplinary approach. He attended Western University of Health Sciences, in Pomona, California, U.S.A., where he received his Doctorate in 2017. During this time, he was presented with the Essilor Student Scholarship Award with distinction in binocular and refractive conditions. After completing his education, he briefly worked in the

U.S.A., before heading back home to Canada.

Dr. Mohan has completed both Canadian and U.S.A. Optometry board examinations, allowing him certification in both countries and the ability to manage ocular diseases. Outside of the clinic, he focuses on educating community members on understanding ocular conditions to improve their health and well-being. When he has down time, he works on brushing up on his Punjabi and Hindi speaking skills.

**Session:**        **Prevention and Management of Diabetic Retinopathy**

- Objectives:**
1. How does diabetes lead to eye damage?
  2. How can I slow the progression of/manage vision changed if I have diabetes?
  3. How often should I go for visual testing if I have diabetes
