

## **Harleen Chohan, Clinical Pharmacy Specialist**

Harleen Chohan, PharmD, ACPR2 is a Clinical Pharmacy Specialist in Lung Transplantation at Vancouver General Hospital. She completed her Doctor of Pharmacy training at the University of British Columbia in 2020. Following this, she completed a Year 1 and Year 2 Pharmacy Residency with the Lower Mainland Pharmacy Services

Program. She also serves as the Clinical and Cultural Liaison for iCON UBC. With a strong background in evidence-based pharmaceutical care, she brings expertise in integrating digital health innovations to support chronic disease self-management in multicultural communities. Harleen has collaborated with health authorities, and academic centers to reduce digital and cultural barriers in health care. She is passionate about improving access, enhancing provider training, and driving innovation in care delivery for diverse and underserved populations.

## **Session: Rehabilitation and Recovery after a stroke**

### **Objectives:**

1. Understand what stroke rehabilitation is and how exercise and therapy help recovery.
2. Learn who the rehab team members are and their roles in stroke recovery.
